MOTION FOR AMENDMENT TO PROCEDURAL SCHEDULE

Hawaiian Electric Company, Inc. ("HECO" or "Company") respectfully requests that the Commission approve an amendment to the procedural schedule that was established by Prehearing Order No. 23022, filed November 14, 2006, to examine HECO's 3rd Integrated Resource Plan ("IRP-3"). The Consumer Advocate does not object to the requested amendment to the IRP-3 procedural schedule. Life of the Land has informed HECO that it objects to the requested amendment to the IRP-3 procedural schedule, and will file a statement to that effect with the Commission.

This Motion is filed pursuant to Section 6-61-41 of the Commission's Rules of Practice and Procedure, Title 6, Chapter 61 of the Hawaii Administrative Rules.

The following table shows the Schedule of Proceedings that the Commission, on its own motion, established by Prehearing Order No. 23022, and HECO's proposed amended schedule:

	Commission Schedule Prehearing Order No. 23033	HECO Proposed Amended Schedule
HECO's Testimonies, Exhibits, and Work Papers	January 31, 2007	March 30, 2007

Consumer Advocate's and LOL's ¹ Information Requests ("IRs") to HECO	February 16, 2007	April 20, 2007
HECO's Responses to IRs	March 7, 2007	May 18, 2007
Consumer Advocate's and LOL's Supplemental IRs to HECO	March 27, 2007	June 8, 2007
HECO's Responses to Supplemental IRs	April 16, 2007	June 29, 2007
Consumer Advocate's and LOL's Testimonies, Exhibits, and Work Papers	May 4, 2007	July 20, 2007
IRs to the Consumer Advocate and LOL	May 23, 2007	August 10, 2007
Consumer Advocate's and LOL's Responses to IRs	June 12, 2007	August 31, 2007
HECO's Rebuttal Testimonies, Exhibits and Work Papers	June 29, 2007	September 21, 2007
Prehearing Conference	To be scheduled by the Commission	No change
Evidentiary Hearing	Week of July 30, 2007	To be scheduled by the Commission
Post-Hearing Opening Briefs (all parties)	Three weeks after receipt of the transcripts by the Commission	No change
Post-Hearing Reply Briefs (all parties)	Two weeks after the due date of the Opening Briefs	No change

In addition to the foregoing schedule, the Commission intends to schedule a public meeting on HECO's IRP-3 at a date and time specified by the Commission.

The bases for HECO's request for an amendment to the Schedule of Proceeding are as follows:

- 1) The reasonableness of HECO's supply-side resource plan to add a 100 MW combustion turbine generating unit at Campbell Industrial Park in the 2009 time period is being addressed in Docket No. 05-0145. The evidentiary hearing concluded in December 2006, and

¹ The parties to this proceeding are HECO, the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs ("Consumer Advocate"), and Life of the Land ("LOL").

the transcripts for the hearing are pending. Following the issuance of the transcripts, the parties' briefs will be filed, and the proceeding will then be ready for Commission decision-making.

2) The reasonableness of HECO's plan to implement its proposed energy efficiency demand-side management programs is being addressed in Docket No. 05-0069. Briefs were filed by the parties in October-November 2006, and the proceeding is now before the Commission for decision-making.

3) Several HECO divisions that are integral to the development of IRP plans and associated regulatory activities are also involved in other major dockets and/or regulatory filings. For example, the HECO IRP Division, in addition to working on regulatory activities associated with the subject HECO IRP-3 docket, is currently in the final stages of preparing the MECO and HELCO IRP-3 Reports, scheduled for filing by April 30, 2007 and May 31, 2007, in Docket Nos. 04-0077 and 04-0046, respectively. The HECO Generation Planning Division, which performs the integration function for the HECO, MECO and HELCO IRP processes, is currently working on the Adequacy of Supply report for all three Companies (the HELCO report to be filed by the end of January, HECO and MECO are requesting a filing date of March 30), and also sponsors a witness addressing fuel-related issues in the Companies' pending rate cases (for HECO, 2007 test year rate case, Docket No. 2006-0386, for MECO, 2007 test year rate case, Docket No. 2006-0387, and for HELCO, 2006 test year rate case, Docket No. 05-0315). The HECO Regulatory Affairs Division coordinates the administration of the aforementioned IRP and rate case dockets, and also other dockets including the Solar Water Heating PAYS Program, Docket No. 2006-0425, HECO/HELCO/MECO Outage Investigation, Docket No. 2006-0431, Investigation of Standby and Interconnection Tariffs, Docket No. 2006-0497, and Examination of Hawaii's Renewable Portfolio Standards Law, Docket No. 2007-0008. Due to the heavy workload of

these divisions, an amendment to the HECO IRP-3 procedural schedule would provide the additional time necessary to help balance the regulatory-related workload associated with the aforementioned dockets.

Summary

Based on the aforementioned pending Commission review in other dockets of the major supply-side and demand-side management elements of HECO's IRP-3, and the heavy workload of several HECO divisions, HECO maintains that good cause has been demonstrated for the Commission's granting of an amendment to the procedural schedule for HECO's IRP-3.
